Town Hall Chambers

Re: **The London Borough of Lewisham
Former Water Board Site, Honor Oak Road, London SE23
Tree Preservation Order**

You will recall the Council made a Provisional Tree Preservation Order on 6th March 1995 in respect of all the trees at the above site.

The Council has now had an opportunity to identify and make a new Order in respect of those trees which are worthy of long-term preservation. The Order dated 6th March 1995 will not be confirmed by the Council and shall be allowed to lapse.

Please find enclosed a copy of a Tree Preservation Order made in respect of the above site dated.

I would be grateful if you could now register this as a local land charge and confirm registration in writing.

Thank you for your assistance.
